

EADT Business Awards

Aponic had a night out last night and managed to win the EADT Small Business Award and be chosen in the Business of the year award too. We were also finalists in the Food and Farming award and Knowledge Catalyst awards. It was a great evening and we were delighted to be joined by two of our latest employees Charlie Howell and George Laws who we are sure will go on the great things in the company.

Many thanks to the sponsors of the event, The East Anglian Daily Times, The Suffolk Chamber of Commerce and EDF Energy with the category sponsors Adnams Brewery, Ashtons Legal and The University of Suffolk for making this such a special evening.

As a surprise extra, we also received the overall business of the year award finalist too, so really chuffed about that too.
